

Web Status – reporting availability for contract resources

This guide explains how to access and use the web status utility in ROSS. Web Status allows resources to report their availability status and for vendor representatives to report the availability status of their contracted resources.

Accessing Web Status

To Access Web Status

- Start your Internet Browser
- In the address bar, type <http://ross.nwcg.gov>
- Click on Login to Web Status

Web Status

When complete call your dispatch center to advise them of the change.

Most dispatch centers are going to self status in ROSS for operational equipment.

If ROSS is not working please call your dispatch center to change the availability of your equipment.

???????’s call ROSS helpdesk 866-224-7677 or your local dispatch center.
